

## CHARLES H. MOYER IS GRANTED BAIL BY JUDGE WOOD

BUTTE UNION WILL FURNISH  
TWENTY-FIVE THOUSAND  
DOLLARS SECURITY.

## PETTIBONE NOT RELEASED

As the Evidence Against Him is  
Stronger Than That Against  
the Others.

Boise, July 30.—(Bulletin)—Pettibone was refused bail, as had been expected. He will be placed on trial in October.

Boise, Id., July 30.—Judge Wood in the district court ordered Chas. H. Moyer, president of the Western Federation of Miners, admitted to bail in the sum of \$25,000. It was announced that the bonds would be ready. Cash bail may be given. The trial of George A. Pettibone, one of the alleged conspirators was set for Tuesday, October 1. No application for bond was made in behalf of Pettibone the conference of counsel having been fruitless in this respect. Haywood expects to leave for Denver on Thursday. Moyer may leave Wednesday if there is no hitch in the bail proceedings.

Strenuous efforts were made to secure the consent of the state's attorneys to the release of Pettibone, but without avail. When Moyer and Pettibone were brought into court the latter's wife was present and broke down and cried when the order was made releasing Moyer and holding her husband. It is said that Pettibone may be taken back to the Canyon county jail at Caldwell until the time for his trial arrives. The case and the prisoners were brought to Boise six months ago on a change of venue from Canyon to Ada county.

Attorney Darrow of Chicago made the formal application for Moyer's release, and no word of objection was interposed by Senator Borah, representing the state. When it came to fixing the amount, Senator Borah named \$25,000. "That is reasonable and suits us," said Mr. Darrow.

Judge Wood said he would personally approve the bond and would make it continuing so Moyer could remain at his home in Colorado until wanted. As to Pettibone, Mr. Darrow urged that the earliest possible date be fixed for his trial. The next term of court begins Sept. 4, and Judge Wood said he would like to clear the calendar as much as possible before going into an extended trial. Oct. 1 was then set as a date agreeable to all concerned.

Bond for Moyer is to be given in an unique way, suggested by Attorney Peter Breen of Butte, Mont., who has been associated with the defense. The Butte Local of the Western Federation of Miners is the richest in the organization, and Mr. Breen said carries a deposit of from \$100,000 to \$140,000 constantly in the bank. Arrangements were made by wire by Mr. Breen to have the Butte Union make \$25,000 subject to draft by the First National bank of Boise. Some officer of the Boise bank will sign the bail bond as surety. A telegram to Mr. Breen said the arrangements at Butte had been completed.

"We were offered personal bond in several times the amount desired here in Boise," said Mr. Breen, "but we preferred not to impose upon any of our friends to that extent when the Butte union has such a large surplus and was anxious for the honor of showing its confidence in the president of the federation."

Booming Haywood.

Denver, Colo., July 30.—Secretary-Treasurer Haywood's return to Denver will be made the occasion of a great demonstration in this city by the Western Federation of Miners and other labor organizations. Arrangements are already being made to run special trains from Cripple Creek and other places to bring members of the federation and others to Denver. Some of Haywood's union co-workers are proclaiming him to be the logical candidate for the presidency on the Socialist ticket. As candidate for governor of Colorado last year, when in prison in Idaho, he received 16,338 votes.

## MOYER REFUSED TO ACCEPT LIBERTY WITHOUT PETTIBONE

Boise, July 30.—Attorney Clarence S. Darrow will ask Judge Woods today to fix a bond for Geo. Pettibone, one of the Western Miners' Federation leaders, accused of complicity in former Gov. Steunenberg's murder. Pettibone in fact is asserted by the prosecution to have been the leader of the murder plot. The prosecution was consequently prepared to resist

to the utmost any attempt to secure his release on bonds and the indications were that Judge Wood would uphold them. So well were the miners' attorneys satisfied that this would be the case that they did not ask Pettibone's admission to bail when they made a similar application yesterday in behalf of President Chas. H. Moyer of the Miners' Union. Attorney Darrow merely stated that Pettibone is anxious for an immediate trial and was perforce satisfied when Judge Woods set the date for October 1. Moyer was greatly pleased when informed that Judge Woods had ordered his release under a \$25,000 bond and knowing that his friends are prepared to give bail at any amount, was preparing to leave the jail when told that Pettibone would be left alone behind him. Upon receiving this information he instantly declared that he would not accept bail unless Pettibone was released with him. Attorney Darrow convinced him that they cannot secure Pettibone's release until after his trial, and tried to argue Moyer out of this resolution early today, but without avail.

Wm. D. Haywood, his wife, children and mother will start for Denver tomorrow or Thursday preferring to remain here until they know what disposition is to be made of the cases of Moyer and Pettibone.

## WARM ARGUMENTS ARE PRESENTED IN THE POWERS CASE

Georgetown, Ky., July 30.—Following the filing of an affidavit by the defense to have Special Judge Robbins removed, in the Caleb Powers case and an adjournment of court for a day, warm arguments are expected on both sides. It is said that the allegations against Judge Robbins are sensational, charging prejudice in the former trial. It is not believed that Robbins will vacate the bench. Although it is generally anticipated that he will go into the trial immediately and take his chances of being upheld by the appellate court, the report is current that the prosecution does not want the trial at this time and that the case may be continued.

## FATHER SPARED KNOWLEDGE OF HIS SON'S CRIME

Versailles, France, July 30.—The death of the aged American soldier himself and an attempt at self-destruction on the part of his son Henry, who shot his sisters and brothers in the last hours of his dying father, imparted additional sadness to the shocking tragedy in the home of Major Henry A. Huntington, which has caused a sensation in the American colony and diplomatic circles of France. Major Huntington died shortly after the news was given out of his son Henry's unsuccessful attempt at suicide by hanging, but the father was spared the anguish of knowledge both of this incident and the terrible crime which shattered his household, as he was unconscious to the end.

## TWO VICTIMS OF STRANGLERS IN NEW YORK

New York, July 30.—Two unknown women have fallen victims to stranglers in New York within the last 24 hours. The police think they may have been committed by the same men and are ransacking the city. One of the women was found dead in a furnished room, the other in an area-way.

To make sure of death in the latter case, the murderer stabbed his victim in the abdomen. The lodging house murder was committed so quietly that, although there were other persons in the building, no one was aroused. The other occupants of the house finally broke in the door and found the woman dead. She lay nude on the bed, with a man's necktie twisted tightly about her neck.

Two weeks ago Sunday a man and woman hired the room giving the names of David or Davidson. The man and woman were last seen Sunday night. An hour later the man left alone. Last night the door was forced and the murdered body discovered.

Night Riders Again.

Hopkinsville, Ky., July 30.—Todd county is the latest scene of night riders' outrages. At Guthrie, John Lockert, an anti-association man who had denounced the night riders, was set upon by disguised men as he was going home, blindfolded, gagged and bound, and unmercifully beaten. Near Trenton, 25 masked men destroyed Otis Wilson's tobacco plants.

## DIFFICULTIES CONFRONT STATE IN MAGILL CASE

SUICIDE LETTERS NOW HELD  
BY ATTORNEYS FOR THE  
DEFENSE.

## TELEGRAMS WITHHELD TOO

Prosecutor Thwarted in Effort to  
Find Margaret Magill and Force  
Her to Appear.

Clinton, Ill., July 30.—This morning State's Attorney Miller confronted new obstacles in his efforts to secure the indictment of Fred Magill and wife upon charges of murdering Magill's first wife when the grand jury's investigation was resumed today. Miller's principal hope was to get possession of the suicide letters attributed to Mrs. Pet Gandy Magill, the dead woman. They are now in the possession of Magill's attorneys, who refuse to give them up.

The local operators representing the Western Union and Postal telegraph companies today refused to obey the commands of the state's attorneys to deliver copies of all telegrams that passed between the Magills after their arrest in California and any one in Clinton. The operators said they had legal advice to furnish the state with copies only of specified messages. Miller has also been thwarted in his efforts to find Margaret Magill and force her to appear as a witness before the grand jury.

Despite the fact that this is the busiest season of the year for Dewitt county farmers, many of them are deserting their fields by the score and reach town by breakfast time to await the grand jury's action on the Magill case.

Judge Cochran in instructing the grand jury said: "Above all you must be certain that a crime has been committed before you return an indictment."

This is declared to be the great stumbling block in the progress of the state, but Attorney Miller states that a single witness to be examined today will furnish all the evidence he needs to hold the Magills. Judge Cochran announced that a fine of \$500 would be imposed upon anyone found attempting to bring any influence to bear upon a grand juror.

Faye Graham Magill sits in her cell apparently happy and contented reading a novel most of the day. Fred Magill is anything but at his ease and restlessly paces his cell. Crowds throng the jail yard hoping to catch a glimpse of the prisoners.

The whereabouts of Margaret Magill is still a mystery. A semi-official report to the effect that no poison was found in Mrs. "Pet" Magill's body has been circulated.

## BAGGAGE HANDLERS BEWARE OF DYNAMITE

St. Louis, July 30.—Ivan Dometer, a Greek miner on his way west from Appalachia, W. Va., had some stick dynamite in his trunk. A baggage handler in handling it at the Union station gave the trunk the usual fling. An explosion followed. Baggage handler Warner Sparks and Hugh Gavin were seriously injured and were taken to a hospital. Six others received minor wounds. There was nothing left of the trunk.

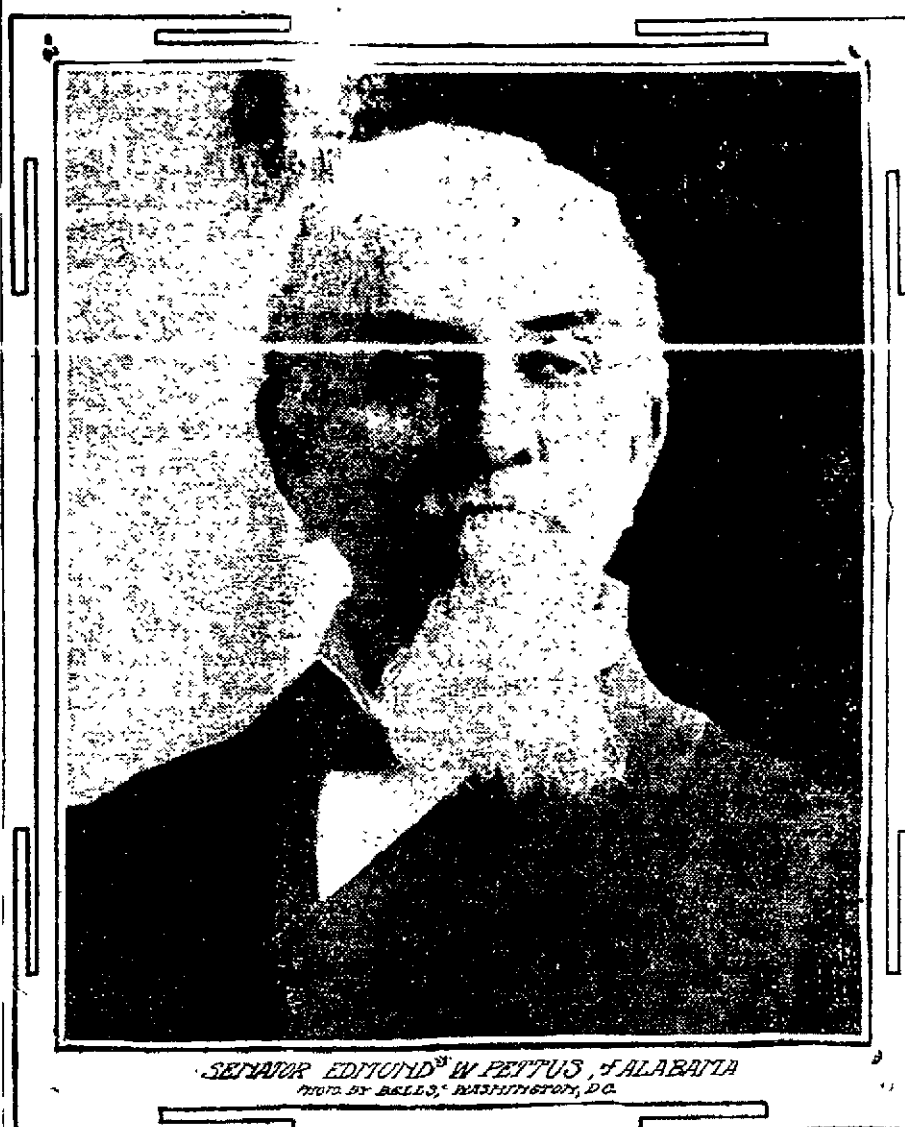

## MOB'S PASSION

Unsated by Killing Victim They Dig  
Up His Remains and Toss  
Them Into Fire.

Crisfield, Md., July 30.—Their passion unsated by the kicking and beating to death of the negro Reed, who without provocation shot and killed Policeman Daugherty, who had Reed's associate, William Hildred, under arrest, a mob dug Reed's mutilated remains from the rude grave in a swamp to which they had been thrown, riddled them with bullets and then, lighting a bonfire, tossed them into the flames and stood about watching until they were reduced to ashes. Lemuel Showers, the keeper of a billiard room frequented by negroes, who loaned Reed the revolver with which he shot Daugherty, was captured and lodged in the county jail at Princess Anne.

For the Greek Riot.  
Roanoke, Va., July 30.—Charles Chafin, the seventh of the 26 men indicted for rioting in connection with the smashing of Greek restaurants two weeks ago, was found guilty in police court and fined \$50 and given a jail sentence of 12 months. Chafin appealed.

## FUNERAL OF SENATOR E. W. PETTUS

SENATOR EDWIN W. PETTUS, OF ALABAMA  
FROM ST. ALBANS, VERMONT, U.S.A.

Selma, Ala., July 30.—The body of the late Senator E. W. Pettus was brought here on a special train from Hot Springs, N. C., arrived at 4:25 this morning. Simple funeral services were held from his late residence at 12:30 p. m. State officials, members of the Legislature and the Second Alabama Infantry regiment, now encamped at Selma were present.

The committee appointed by Vice President Fairbanks to represent the

Senate at the funeral at Selma follows: Senators Bankhead, Allison, Cullom, Daniel, Warren, Clay, Overman, McNary, Scott, Knox, William Alden Smith, Rayner, Tallaferr, Mallory and Simmons.

Speaker Cannon appointed the entire Alabama delegation to represent the House of Representatives, and also Representatives Brownlow, Padgett, Thomas of North Carolina, Hay of Virginia, and Finley of South Carolina.

ply should be made in justice to the court. Judge Robbins granted time, and adjourned court until 2 o'clock this afternoon. He told the attorneys for the state that they must be ready at that time.

## MANY ARRESTS

MADE IN CONNECTION WITH THE  
MURDER OF THE WEALTHY  
ARMENIAN.

Among Them Was That of a Promi-  
nent Armenian Priest of New  
York City.

New York, July 30.—Nine Armenians, all said to be members of the Hunchakist society, are under arrest, following the police investigation into the recent assassination of H. S. Tashjian, a wealthy Armenian rug dealer. Three later were discharged.

Among those arrested was Father Martoogossian, an Armenian priest, who is charged with attempted robbery, it being alleged that a year ago he tried to blackmail several Armenian merchants of New York out of sums ranging from \$1,000 to \$20,000. The others held are Nicholas Malick, Sourain Souranian, Taggoos Assepien, Aotak Ashjian and Sarkis Assepien. These five were charged with being suspicious characters. Tappasian is the proprietor of the Ararat cafe, where Martoogossian made his headquarters. Souranian is the editor of an Armenian newspaper.

## THREE SCALDED IN AN EXPLOSION ON BATTLESHIP

Washington, July 30.—A dispatch was received at the navy department today announcing that a boiler tube burst yesterday on the U. S. gunboat Wilmington at Nanking, China. Three men were scalded. Fireman Phillip Pind was killed. The other two are expected to recover.

## STATE ASKS JUDGE FOR MORE TIME

Georgetown, Ky., July 30.—When court convened this morning for the trial of Caleb Powers for alleged complicity in the assassination of Gov. Goebel, the prosecution stated that they would ask the court for more time to consider the affidavit filed by the defense to remove Judge Robbins from the bench as he had in preparation a reply. The defense made no objection. It said according to the law, a response could not be noted for record. Attorney Franklin then stated that inasmuch as the case was now being tried for the Supreme court of the United States to see how the Powers trials were conducted in Kentucky, he thought a re-

## TAFT ENDORSED BY VOTE 15 TO 6 TODAY'S MEETING

Columbus, July 30.—(Bulletin)—A resolution endorsing Secretary Taft for president was adopted by a vote

WILLIAM H. TAFT.

of 15 to 6 by the Republican State Committee this afternoon.

Columbus, O., July 30.—The Republican State Central committee met at 1 o'clock this afternoon. The proposition to endorse Taft for President is the main thing before the committee, although minor business will be first transacted. The vote on Taft will come late in the afternoon. Before the meeting the Taft managers claimed an endorsement certain. They say that Taft will have 14 votes sure and the endorsement may be unanimous when the opposition sees defeat. All the committeemen were present in person or by proxy. The majority have already called on the Taft managers and promised the allegiance.

Foraker's letter opposing the Taft endorsement, and practically admitting he would like the Presidential endorsement, created a sensation here. Politicians say that it draws a line so close that it means political death to Foraker if Taft can control the committee today and also the next Republican state convention.

## JUDGE DUNNE

Demands a New Jury Panel in Trial  
of San Francisco Bribery  
Cases.

San Francisco, July 30.—The bribery case against T. V. Halsey, formerly "competition agent" for the Pacific States Telephone and Telegraph company, did not go to trial. Judge Dunne announced his decision to draw an entirely new panel of 60 names from the jury box and the case was continued until Wednesday morning.

Sheriff O'Neill was instructed to return the panel, when those who had valid excuses for not serving will present them to the court and be excused. In Judge Lawlor's court the \$10,000 bond of Louis Glass was renewed in the case on which the trial jury disagreed and was discharged. Glass was released from custody as soon as the matter of bail was settled. The Pacific Surety company continued as surety.

In order that there may be no question as to validity of the order naming Monday, Aug. 5, as the date of beginning the retrial, Judge Lawlor vacated his order and made a new order to the same effect.

## MAKE ADJUSTMENT OF DIFFICULTIES

London, July 30.—It is announced that the negotiations between Great Britain and Russia have resulted in an agreement amicably adjusting all outstanding differences on the Indian frontier and in Persia. Both powers have consented to the delimitation of their spheres of interest in these regions.

THREE ITALIANS KILLED.  
Los Angeles, Cal., July 30.—Three Italians were killed today in a race war at Florence, a suburb, according to a report here. The sheriff left with a large posse for the scene.

ARMENIAN PRIEST HELD.

New York, July 30.—Arraigned in the Tombs court today on charges of attempted robbery, Father Levone Martoogossian, the Armenian priest, accused of knowing much about the secret society which is supposed to have engaged in blackmailing wealthy Armenians, was held in \$10,000 for examination. At the same time the grand jury took up the case and Asst. District Attorney Manley told Magistrate Cornell that the indictment will in all probability be returned before night. The five men arrested with Father Martoogossian were held.

## SENATOR FORAKER DRAWS THE ISSUE IN LONG LETTER

DOES NOT THINK TIME RIFE FOR  
THE SELECTION OF THE  
CANDIDATE.

## HINT OF OTHER CANDIDATE

Says Committee Has No Power to In-  
dorse Anyone at Its Meeting  
on July 30.

Cincinnati, O., July 30.—On the eve of the meeting of the Ohio state Republican central committee Senator J. B. Foraker came to the front with a lengthy letter addressed to one of the members of the committee, protesting against any endorsement of a presidential candidate by the committee. In his letter he assigns his reasons, among them the belief that it is too early for such action, that last Republican convention opposed it; that there might yet be another Ohio candidate; that Secretary of War Taft, Governor Harris, Congressman Burton and ex-Governor Herrick are not considered by him in line with the party on the tariff.

The letter introduces the subject in the following language:

"Hon. C. B. McCoy, Coshocton, O.:

"Dear Sir—I learn from the newspapers and otherwise that a resolution is likely to be offered at the next meeting of the state central committee, to be held in Columbus July 30, endorsing Secretary Taft as Ohio's candidate for the presidency, and I have seen it stated that a resolution is likely also to be offered endorsing me as a candidate to be my own successor in the senate of the United States, and in the papers is published what purports to be an authorized interview with Governor Harris, favoring this proposed action in endorsing Secretary Taft and expressing friendship and good will for myself with respect to a continuation of my public services, but disclaiming a desire to be himself endorsed as his own successor in the governor's office.

"In this same interview he announces, as he has heretofore announced, that he is in favor of a revision of the tariff. Inasmuch as you are a member of the state central committee, I take the liberty of addressing you, and through you the whole committee and all the Republican voters of Ohio, upon the questions so brought to our attention.

"The present state central committee, composed of only 21 members, one from each congressional district, were chosen by that convention. They were chosen to be simply the machinery of the party, representing its organization and empowered to call the next convention and to transact such duties as the last convention and the statutes of the state have imposed upon them. The selection of a candidate for the presidency is not one of these duties. Their action in now endorsing a candidate for the presidency would not, therefore, as Governor Harris well says, be binding upon anybody, not even themselves, but it would be wholly outside of their jurisdiction and unauthorized. It would be only the same as the individual opinions of so many citizens of the state. In fact, there would be much less excuse for a committee of 21 members not chosen with reference to presidential preferences, to settle a question of that character, than there would have been for a convention composed of 800 or 900 representative Republicans, and such action by the committee would be entitled to correspondingly less credit and respect.

## THE TAFT MATTER

Attracts Republican State Central Committee to Capital.

Columbus, O., July 30.—The Ohio State Republican Central Committee is in session in this city this afternoon by call of Chairman Walter Brown of Toledo to consider party contests in some of the counties and to attend to such other business as may come before it. Probably the most important matter is the question of the endorsement of Secretary of War William H. Taft for the presidency by resolution.

## EVELYN THAW DENIES REPORT

New York, July 30.—Evelyn Nesbit Thaw today denied most emphatically the report that she is to return to the stage. "The story that I am going back to the stage is absolutely untrue," she said.

A special train ran into the rear of a freight train on the New York, New Haven and Hartford railroad and plowed its way through the caboose and four freight cars, killing three trainmen and injuring four others.

## ELGIN OR WALTHAM WATCHES

21 JEWEL RAILROAD  
In Silverline Case

**\$26.00**

When you want a tooth brush and want it right, get it at the EVANS DRUG STORE.

**PURE ITALIAN OLIVE OIL**

for culinary, table or medical uses. Produces perfect mayonnaise salad. Absolutely pure of remarkable food value and benefits the whole system and complexion.

**T. J. EVANS**

Druggist,  
Warden Hotel Block.

## MARTIN TYRER DIED SUDDENLY MONDAY NIGHT

STRICKEN BY APOPLEXY ON THE STREET AND WAS DEAD IN FEW MINUTES.

Funeral Takes Place Wednesday at 3 O'Clock—Other Deaths and Funerals.

At about 5:30 p. m. Monday as Mr. Martin Tyrer was on his way to his home on Morris street, he was stricken with apoplexy, while he was walking in front of Weiss & Phalen's store on East Main street, near First street.

Some person, whose name is unknown, happened to be passing, noticed that Mr. Tyrer looked ill and in need of assistance, and went to his aid by holding him to prevent his falling to the pavement. Mr. Weiss immediately came out of his store with a chair for the unfortunate man but as soon as he was placed in it, he expired.

Dr. Baker was called and arrived in a few minutes, but life was extinct. Bowers & Criss Bros. ambulance was called and the body was taken to their establishment and prepared for burial.

The news of Mr. Tyrer's death soon spread over the city and as he was so well known and popular, his demise was universally regretted. Expressions of sympathy for his bereaved family could be heard everywhere.

Martin Luther Tyrer was born in 1848 in Wittenberg, Germany, and came to America in 1856. He was a cigar maker by trade and worked at it for many years.

In about 1870 he entered into the manufacturing of fine cigars with the late Mont M. Miller and the firm was highly successful for years, making brands that were the most popular in the country. They occupied the rooms for the factory of the third floor of the building that was known for years as Patton's corner, and it still stands at the corner of West Main and West Park Place.

This business was discontinued in about the year 1881, and since then Mr. Tyrer engaged in business for himself, and at the time of his death was connected with the cigar manufacturing establishment of Mr. Fred Burrell. He was a pioneer in the cigar business of Newark, and a member of the Cigar Makers' union.

Mr. Tyrer was an accomplished gentleman, being a prince of entertainers. He was a fine musician, being a contemporary of Mr. George Trost, Mr. George Beichel, Mr. John Vogel, Mr. Samuel Brooks and Mr. John Myers. They in that day, delighted thousands with their music, all of the above mentioned musicians having passed to their final reward years ago.

Mr. Tyrer was a great student of the classics and it was one of his happiest moments when surrounded by a circle of appreciative friends that he could entertain them with selections from his favorite authors.

He was prominent in the K. of P. lodge, and was, at the time of his death, the oldest Past Chancellor Commander in Licking county. He joined the Knights of Pythias November 18, 1869.

It was in the work of the lodge that he particularly shone, and in this work in which for years he took the leading part, he will be sorely missed.

Being possessed of fine presence, a sonorous voice, and natural dramatic ability, he could do the character of Pythagoras, which he assumed in the rank work of the lodge with great effect, and his reputation for ability in this line was known all over the state.

There survive him his wife, and two sons, Clarence A. and Martin Albert Tyrer. Michael Tyrer, a brother and Mrs. Catherine Simpson, a sister, all of this city, also survive.

The funeral will take place from the residence, 9 Morris street, at 3 o'clock Wednesday afternoon, and be under the auspices of the Knights of Pythias, and Rev. Mr. Weiske of the German Lutheran church will officiate. Interment at Cedar Hill.

Changing Armies.

St. Louis, July 30.—Mrs. A. E. James, major commanding the St. Louis division of the Salvation Army, and the members of the corps, have forwarded their resignations and will join the Volunteers of America. It is understood the resignations were sent because of dissatisfaction resulting from a raid on the Brooklyn headquarters of the organization.

**NICE CATCH OF BIG MOUTH BASS**

G. W. Clifton, better known by his friends as the Hebron gristle fisherman, was in the city Tuesday morning and proudly exhibited ten nice large mouth bass which he had caught the previous evening in just exactly, as he stated it, thirty-five minutes. Mr. Clifton informed the Advocate man that he had previously captured thirty-six this season and last year had made a record of three hundred. Six of the fish he had with him averaged three pounds, each and all his catches were made at Buckeye Lake. This is certainly a good record for the carlin, a good gentleman from Hebron. In company with his little son he had a photo taken of the catch which he will send to friends to prove that he can always be depended upon to deliver the goods.

ty-six this season and last year had made a record of three hundred. Six of the fish he had with him averaged three pounds, each and all his catches were made at Buckeye Lake. This is certainly a good record for the carlin, a good gentleman from Hebron. In company with his little son he had a photo taken of the catch which he will send to friends to prove that he can always be depended upon to deliver the goods.

Duke of Abruzzi

Prince Luigi Amedeo Gussiepe Maria Ferdinando Francesco, Duke of Abruzzi, who is in command of the Italian squadron, which was present at the opening of the Jamestown Exposition, was born in Madrid, Spain, on January 29, 1873, and is the second son of Amedeo Duke of Aosta, who was then king of Spain, but shortly afterward resigned his throne. Duke of Abruzzi is a captain in the Italian Navy, but is best known as an Arctic explorer of courage and real merit. He holds the second best record for farthest north explorations, Lieutenant Peary alone having reached nearer the North Pole. He is said to be in love with Princess Helene of Serbia, the niece of the Queen of Italy.

## TO-DAY'S MARKETS.

In an opinion by Commissioner Clements the interstate commerce commission decided that the present rate of 41 cents per hundred pounds on cotton goods by sea and rail from Augusta, Ga., to New York, is not unreasonable.

## SOCIAL UNREST AND ITS CURE

Under Discussion by Eminent Lecturers at Chautauqua.

### PLENTY OF LAWS AT PRESENT

Political Conditions Changed and Situation Must Be Accepted—Party Organization and Political Parties Necessary—The People Themselves Brought About Change.

Chautauqua, N. Y., July 30. — In a general public discussion of the topic of "Social Unrest" some of the prominent men of the country expressed their views, among them Speaker James W. Wadsworth, Jr., of the New York State general assembly, who in the course of his address on the relation of politics to the general topic under discussion, said that in recent years a vast change had taken place in political conditions, and more particularly in political methods. The people themselves had brought this about, demanding that the government be clean and efficient and that political organizations be the same.

Mr. Wadsworth held that party organization and political leaders were necessary, and no settled policy of government could be carried out without them.

The existence of this unrest, Mr. Wadsworth held, could not be prevented. "We must recognize it, meet and cure it," said he. "Legislation is not a complete remedy. The thoughtful agitator seems to think that laws, laws, nothing but laws, will cure every evil, and so we grind them out by the hundreds every year. Pretty soon a reaction will set in and we will hear the complaining cry, 'It's a terrible death to be governed to death.' In my judgment we have laws enough. A little more content should be preached and a little less discontent."

### The Right Name.

Mr. August Sherpe, the popular overseer of the poor, at Ft. Madison, Iowa, says: "Dr. King's New Life Pills are rightly named; they act more agreeably, do more good and make one feel better than any other laxative." Guaranteed to cure biliousness and constipation. 25c. at F. D. Hall's drug store.

### MISTAKEN IDENTITY.

A special dispatch from Sandusky, O., in Monday's papers gave an account of an unknown man being ground to pieces by the Lake Shore railway.

From the description given in the dispatches Frank Miller, one of the well known tonorial artists at Teuscher's, was led to believe that it might be his brother, who has been absent from home for some time. The Advocate took the matter up with the corner of Erie county, obtaining a full description of the unfortunate stranger, and we are pleased to state that it in no way tallies with that of Mr. Miller's brother.

GEORGE WESTINGHOUSE.

Mr. George Westinghouse, the inventor of the Westinghouse air-brake, and who must be considered the most important intellect in the early growth of electrical transportation problems, was born at Central Bridge, Schoharie county, New York, on October 6, 1846. He was educated at the public schools, but his trend of thought was early shown by his invention of a practical rotary engine when only 15 years of age. Mr. Westinghouse married, on August 8, 1867, Miss Marguerite E. Walker. It was in 1868 that Westinghouse made his first big step toward fame and fortune by inventing the Westinghouse air-brake. Since that time he has given out a succession of valuable patented inventions for electrical control of power and machinery. He has been decorated by the governments of France, Belgium and Italy, in honor of his inventions. The Westinghouse residence is in Pittsburgh.

### NORTH FRANKLIN.

Miss Ruth France was in Newark Saturday.

Several from here attended the ice cream social at Linnville, Saturday evening.

Mr. Perry Woolard spent Saturday night the guest of Carl Motherspaw.

Miss Maggie Taylor has been on the sick list for the past two weeks.

Rev. Mr. Stuckenborg and family

were guests of William Marshall and family Sunday.

Misses Blanche Dustlimer and Mabel Wolf spent Saturday and Sunday in Linnville the guests of Miss Ada Tavenner.

Miss Florence Woolard of Fleetown is spending several weeks with her sister, Mrs. Otto Franks.

The Missionary society will meet at the home of Mrs. Jane Hirst, Thursday, August 1.

Mr. Leon Wolfe and family took dinner with William Motherspaw and family Sunday.

## REV. E. S. DILLIN TO PREACH TO-NIGHT AT TABERNACLE

The largest crowd for Monday night of the series was present at the North End Tabernacle last evening.

Evangelist Dillin's sermon on "What shall I do with Jesus?" made a most profound impression. As he presented the most convincing arguments, and drove them home with sledge-hammer blows, why Christ should be accepted, the people were greatly moved.

On invitation the altar was crowded with seekers and nine professed conversion and many more expressed a desire to become Christians.

Rev. E. S. Dillin, son of Evangelist Dillin, will preach this evening and there will be special singing. All are cordially invited.

## WEDDINGS.

### HATTENDORFF-LAVIN.

A very pretty wedding was solemnized at the parsonage of the St. Francis de Sales church this morning at 8 o'clock, when Miss Anna Lavin, of 73 East Church street and Mr. Fred Hattendorff were united in marriage by Rev. B. M. O'Boylan. The bride was charming in a gown of white net. She has been the bookkeeper at the A. I. U. insurance office for some time. Mr. Hattendorff whose home is in Lancaster, is at present an employee of the Jewett Car company. The couple were attended by Mr. Dan Ganey, Miss Marguerite Ganey and Mr. Will Lavin, brother of the bride. The happy couple left for Lancaster the home of the groom's parents. Their many friends extend congratulations.

## INDIAN RUNNER BREAKS RECORD

Ottawa, Ont., July 30. — In a five-mile race Tom Longboat, the Indian runner, defeated a relay of three men. He covered the distance in 25:25, which is one minute and one second better than the former Canadian record. Longboat's first opponent was Hilton Green. At the end of 2 1/2 miles he was 75 yards behind the Indian. Tom Coley of Toronto then took up the race for the relay and at 4 1/2 miles he was on even terms with Longboat. Lon Marsh of Toronto took a 25-yard lead in the last half-mile, but in the final sprint Longboat overtook him and won by a narrow margin.

For Annual Outing.

Great preparations are being made by the Hub board of trade for the annual outing, which will take place at Buckeye Lake tomorrow. The organization will have special cars for the trip and an elaborate program of entertainment has been arranged. From indications the Hub will be almost depopulated tomorrow.—State Journal.

The Potato Crop.

Farmers and commission men are much exercised over the condition of the Ohio potato crop as, unless there is a let up in the constant rains, the crop practically will be a failure. On the rolling lands the potatoes are doing fairly well, but in the bottom lands they are rotting and a few more rainy days will ruin these fields. Already commission men are preparing to ship potatoes from other localities to supply the Ohio demand and indications now are that much of the potato supply of Ohio this year will have to come from other states.—State Journal.

Fell Off Street Car.

Miss Nellie McCartney of the clerical force of the big Wehrle plant, came near meeting with a serious accident on Monday evening. In attempting to get off a street car at Ninth street the car started up before she had alighted and she was

The RAYMOND PIANO  
"Nearest the Human Voice"

The Appropriate Piano

You should hear the rich sympathetic voice quality of the RAYMOND PIANO.

You should see the handsome case of the RAYMOND PIANO, hand-carved, polished like a diamond, every beautiful eccentricity of the wood grain artistically developed by craftsmen who have devoted their lives to their art.

The RAYMOND PIANO will perfect the appointments of parlor, music or living-room.

The RAYMOND PIANO is so accurately adjusted internally, that its human voice quality is perfect.

The RAYMOND PIANO from screw to case is built of the first pick from select material by the most able craftsmen money can hire.

You wouldn't buy a house, a horse, a stove or other possession from which you expected long service, simply because it was cheap.

The cheapest is always dearest in the end.

This is absolutely infallible in regard to piano.

The RAYMOND PIANO is guaranteed by us for 10 years but it will last a lifetime.

Write for our magnificent Piano Book, beautifully illustrated and wonderfully interesting.

New York city is 134,500 greater in population than all of the remainder of the state.

Why Do You

place a sign before your place of business? Because you want your friends to know you are in business. If you did not do so, it would take years for them to find out where you were or what you were doing. How do you expect your friends to know you have a house, lot, horse, buggy, or any other article for sale unless you put up your sign. THE VERY BEST place to put that sign is in THE ADVOCATE WANT COLUMNS. Because they reach the people today, tomorrow, all the time. Because, the cost is so little—only 25 cents for 18 words 3 days.

Efforts to have the entire National Guard in Canton when the McKinley mausoleum is dedicated in September give some promise of success.

The state emergency board has appropriated \$10,000 toward the total expense of \$50,000. It is believed the minimum would donate their services thus reducing the cost by \$15,000, and the people of Canton will furnish the substance, which will cost an equal amount. That reduces the state expense to \$25,000.

The amount required for transportation in addition to the \$10,000, appropriated, will have to be advanced by individuals. This may be done.

CHARGES FOR OBITUARIES AND CARDS OF THANKS.

Readers will kindly take notice that there is a charge of five cents a line (six words in the line) for all obituaries exceeding 15 lines (30 words). We print all obituaries less than 15 lines in length free of charge. Cards of thanks we charge five cents a line (six words in the line). The minimum charge for card of thanks is 25 cents.

Notice to Heating Contractors.

Sealed proposals will be received by the Board of Education of the School District of the City of Newark, Ohio, until 12 o'clock noon, MONDAY, THE 19th DAY OF AUGUST, 1907, for the construction and installation of a heating and ventilating system in the new high school annex in said city, and for such changes in the heating system of the old building as will make it harmonious with the system in the new annex, all according to plans and specifications and amended specifications on file in the office of said Board of Education, in the Builder's Exchange, Columbus, Ohio, and in the office of Architect Vernon Redding, Mansfield, Ohio. Provided that the bids for the changes in the old building must be separate from the bids for the construction and installation of the system in the new annex.

Said bids must be sealed and filed with the clerk of said Board of Education on or before the time mentioned, and addressed to the clerk of said board. Each bid shall contain the name of every person interested in the same, and shall be accompanied by a bond for ten per cent of the amount bid, with responsible surety, or by a certified check for five hundred dollars, payable to the clerk of said board, conditioned that if the bid be accepted a contract will be entered into by the bidder with the board and the performance of it properly secured by an approved bond for not less than one-fourth of the contract price. Said bond shall be made payable to said Board of Education, and blanks for the same may be secured from the clerk of said board; blanks for the same may be secured either from said clerk or from said clerk.

The bids for labor and material in the work bid for, must be separately stated in the bid, with the price therefor. Said Board of Education reserves the right to reject any or all bids.

D. M. KELLER, Clerk

Hours: 8:30 a.m. to 5:30 p.m. Sundays and Evenings by Appointment. DR. V. W. FOSTER, Dentist. Room 801, 6th floor, Trust Bldg.

New York Office—115 Nassau street.  
Robert Tomes, Eastern Representative.  
Chicago Office—301 Journal Building, C.  
W. Wallis, Western Representative.

## July 30 in History.

1718—William Penn died at Rumscomb, in Berkshire, England; buried at Jordans, in Buckinghamshire; born Oct. 14, 1644.

1760—The last three gates of old London city—Dow gate, Billings gate and St. John's gate—were torn away and all distinctions of trade, etc., abolished.

1765—Captain James Cook sailed from Deptford on the first of his three famous voyages.

1824—Walter Faller, an eminent English author and essayist, died at Oxford; born 1839.

1866—Elizabeth Stansbury Kirkland, noted educator, died in Chicago.

1889—Stanmark, ex-chancellor of the German empire, died at Friedrichshagen; born 1814.

1906—John Lawrence Toole, noted English comedian, died at Brighton, England; born 1830.

Perhaps some people are criticising this weather but they are the dyspeptics only.

A New York dispatch says that a blind man in the metropolis routed a gang of burglars with a boy's toy cannon, and yet many have declared that the toy pistol ought to go.

It takes a wise man to choose a good cantaloupe, but a woman can easily do it—some times.

Next Monday evening the Advocate girls will be off on their jolly ten day trip, through the East. Dinner will be served to the party at the Sherwood at 6:30 Aug. 5, and the young ladies will then board their special Pullman car at the B. & O. station.

One of the Chicago professors is credited with, or perhaps accused of saying that dog meat is as good as mutton. Who can blame the vegetarians?

With new factories springing up, others enlarging and the great stove foundry in the West End taking on old time activity, these are certainly hard times for the local pessimists. Perhaps however, they can derive some comfort in the shortage of the peach crop.

The deadly cigarette has many of fenses to answer for. Now it is accused of starting the whirlwind conflagration on Coney Island which caused a loss of \$1,400,000 worth of property.

The Newark hall team, which for several weeks has been holding a comfortable lead in first place in the Ohio-Penn. race, started last night for New Castle, and will not return home till August 13th. Here's hoping.

The Advocate today presents upon another page the likeness of Edmund Winston Pettus, Senator from Alabama, who passed away late Saturday

**Make Your Children Strong and Sturdy**

There is nothing in the world better for a child, especially a frail or delicate child, than a good, gentle and effective tonic.

**Dr. D. JAYNE'S TONIC VERMIFUGE**

Is undoubtedly the oldest and best child's remedy and tonic known. For over four generations it has been successful in expelling worms and building up delicate children into strong and healthy men and women. It is also an excellent tonic for adults. Sold by all druggists, in two size bottles, 50c. and 25c.

**Dr. D. Jayne's Expecto-rant** is a safe and effective remedy for Coughs, Colds, Croup, Whooping Cough, Bronchitis and similar ailments.

night in North Carolina. Within two months Alabama has lost both of her United States Senators—John T. Morgan and Edmund W. Pettus. Each was an octogenarian, but to the last these southern statesmen were keen, active and able workers. They were men of rare ability and an honor to the state they represented in Congress.

Though nearly 2,000 are now at work there, more men are wanted at the Wehrle stove foundry. If you want a job, now is your chance.

The verdict at Boise, Idaho, without doubt, represents the opinion of the majority of people who in an unprejudiced way followed the extended reports of the celebrated trial. The prosecution failed to prove its case. The New York World editorially says: There was plenty of evidence that the Western Federation of Miners had been identified with the commission of unspeakable crimes. Orchard's uncorroborated confession was plausible in the main. There was much circumstantial evidence to support it in part. Yet it was not proved beyond a reasonable doubt, that Haywood had anything whatever to do with the murder of Governor Steunenberg. The defendant was not on trial for being "an undesirable citizen," but for having been implicated in a conspiracy to murder the Governor of Idaho.

## RAILROAD REGULATION.

Virginia is the latest state to regulate railroad passenger rates. The state corporation commission has decreed that a maximum rate of two cents a mile be established on all the larger railroads operating in the state and on the less important roads from 2 1-2 to 3 1-2 cents a mile, according to their net earnings. In relation to the reduction of freight rates the commission holds that the railroads should operate under a uniform classification as for the time being, of least, it considers the matter of freight facilities is superior in importance to the matter of freight

rates. This conservative action by the Democratic state of Virginia shows that the Democratic party may be relied upon to protect the people, and at the same time be just and fair to the corporations. A United Press telegram from Washington to the Advocate yesterday stated that the officials of the department of justice are now anxiously looking toward Virginia for a struggle between Federal Judge Pritchard and the state authorities, similar to the recent affair in North Carolina, which has just been compromised.

## NOW FOR THE BIG FISH DINNER

If you hear any loud talking, any arguments and anything sounding like "It was the biggest you ever saw," floating down from the vicinity of the patrol station this evening, don't worry for it will only be Charley Cooper and George Abbott telling their brother officers and friends how it all happened and how the biggest one got away.

About 3 o'clock this morning Charley hunted up George, better known in police circles, as Johnny-on-the-Spot, and after being joined by H. H. Shauk and Joe Spettie started forth for the wilds of Raccoon creek to lure the wary bass from their peaceful gambols on the sandy bottom.

The four piscatorial sports were seen trudging out the Granville road with tackle and lunch enough for a dozen fishermen. Officer Charles had fifteen poles by actual count while George carried the commissary. It consisted of schweitzer and limburger cheese and bologna sandwiches and three bottles of ginger ale. H. H. was loaded down with three cans of bait and a chunk of ice while Joe Spettie carried the basket with which to bring in the fish.

A telephone message from the neighbors where the boys are fishing stated that Officer Charley had a bite that pulled him into the creek and Abbott fearlessly risked his life plunging in after his fellow officer. He will be given a copper medal by Chief Sheridan, the presentation to be made at next inspection.

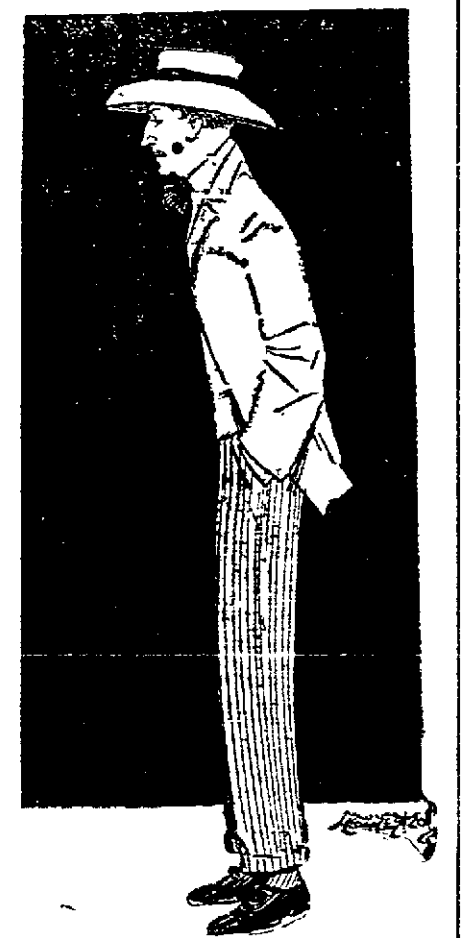

Did they catch any fish? Just drop around the patrol house and ask them.

## PROMINENT DRUGGIST FINED.

The several prosecutions in the name of the State of Ohio against H. H. Simmons, a prominent druggist of Kirkersville, this county, on the charge of not keeping a book or register for the sales of liquors and poisons, as required by law, were called for trial before Mayor Bricker of Utica, Tuesday. The defendant pleaded guilty to both charges. On the first charge he was fined \$500 and the costs, which was suspended on condition that he refrain from further violation of law. On the other charge he was fined \$300 and costs, which he paid and was discharged. These cases are being prosecuted by the State Anti-Saloon League. The prosecution was represented by Attorney White of Columbus, while Smythe & Smythe of this city, looked after the interests of the defendant. On the 10th of July Mr. Simmons was prosecuted before Mayor Bricker on a similar charge and was fined \$75 and costs, amounting in all to about \$83. Mr. Simmons claims that he did not understand the law.

## RIVALRY ON CURB TARBELL CANDIDATE

New York, July 30.—Wilbur Tarbell is one of the curb market's chief

candidates for honors in the current contest to establish once and for all the identity of the financial district's Apollo of apogean apparel.

## "DEADLY PARALLEL"

HAS NO APPLICATION TO THE CLIPPING OF NEWS FROM ANOTHER PAPER.

Every Paper Does It and And One Can Concoct a Society Story as a "Fake."

It is known that every editor of any department of a newspaper realizes the fact that at some time the opposition will get items which that paper may miss.

There is a law, "unwritten," though it may be, that establishes, at least newspaper courtesy.

It does not require any brains or thought to invent some story. Any man can do that.

Common intelligence, and an ability to write ordinary English is all that is required.

It is well known that the Advocate gives its society news until Saturday, making a feature of this column. Every intelligent man, woman or child knows that pieces are copied, and clipped from other papers in toto. This is courtesy.

Except a copyrighted telegram, every paper is allowed to use the work of the man who wrote the "stuff" for that paper.

The "deadly parallel" in Monday night's American-Tribune is ridiculous.

The stress laid by the Tribune upon the reproduction of this eight line society item merely serves to remind one of the recent wholesale pilfering of the Advocate's baseball scores—scores that come to this office in the form of special telegrams that cost money. It was noted that the Tribune was posting these scores shortly after they appeared in the Advocate windows and to set our curiosity at rest, wrong scores were purposely displayed in the Advocate windows.

They quickly appeared in the Tribune's windows, showing conclusively that the Tribune was appropriating news that the Advocate had bought and paid for. That transaction was perhaps perfectly right from the A-T standpoint, but a dreadful breach of etiquette was perpetrated when the Advocate in publishing its weekly review of the social affairs used a short paragraph that had appeared in an earlier issue of the other paper. If the A-T got any glory out of its "deadly parallel" it is welcome to it.

By the way, did you ever notice that for many months the news appearing in the Tribune under a date line carried the legend "Special Telegram" or "Special Cable to the American Tribune" or words to that effect? The dispatches nowadays are labeled "Special United Press Telegrams."

How many people believe the Tribune ever got a special dispatch from Hong Kong or Honolulu? It gets mighty few even from Columbus. The Advocate receives a press telegraph service covering the news of the world but it has never laid claims to receiving special cablegrams from Europe or South Africa. Another thing—did you ever notice that the Advocate prints today's telegraphic market reports—RECEIVED BY WIRE—while the other paper with all its "special cablegrams" prints the market news of the previous day?

The Advocate every day "scoops" its contemporary on the telegraphic market reports, and on the live news of the community and the world at large and everybody knows it.

Answer Filed.

In the case of Park De Crow and Lida DeCrow vs. The Bennington Oil and Gas company, and the Logan Natural Gas and Fuel company, the Bennington Gas and Oil company has filed its answer. It says that on the 9th of July, 1904, the plaintiff was the owner of 189 acres of land in Bennington township, and 57 acres in Liberty township; that the plaintiff and his wife on said day entered into a written agreement, contract and lease, whereby, in consideration of \$1250, and \$1250 to be paid at the expiration of one year, they leased to defendant the lands mentioned for five years, and as much longer as oil and gas should be found in paying quantities thereon. Defendant admits that it entered on the lands and caused to be drilled thereon seven different, distinct wells in which gas was found in paying quantities. That since the wells have been drilled in the gas has been sold to the Logan Natural Gas and Fuel company, except from one well which failed. Defendant denies all the other allegations and asks that the petition of plaintiff be dismissed. F. V. Owen and Park B. Blair, attorneys for defendant.

## DAY'S BUSINESS IN COURT HOUSE

Three Different Charges.

H. Bigamy was arrested on an affidavit sworn to by Frederick A. Victor, on three different charges, on warrants issued by Justice Lake. The arrest was made by Constable Brooks and Darnes near Kirkersville on Monday evening. Bigamy was charged with throwing a milk can at an interurban car, assault and battery,

and breaking a glass in an interurban car. He was sent to jail pending a hearing.

To Circuit Court.

In the case of John C. Jones, plaintiff in error vs. Albert A. Stasel, receiver of the Newark Savings Bank company, defendant in error, the plaintiff in error has filed a petition in error in the Circuit court.

Marriage Licenses.

Frederick A. Hattendorf, Newark; Anna C. Lavin, Newark.

Real Estate Transfers.

The Newark Real Estate and Improvement company to Charles H. Collins, lots 22, 23, 24 and 25 in the Newark Real Estate, and Improvement company's tidewater Park addition in Newark township, \$400.

Anna Ganey to George Hafford, 55 feet off the west end of lots 75 and 77 in A. D. Buckingham's addition to Newark, \$4150.

William M. Gourley and others to Cora B. Clark, real estate in Utica, \$275.

Charles W. Miller and wife to S. E. Rhoads, south half of lot 570 in Newark, \$1 an other considerations.

Arthelia A. Anderson and Joseph Anderson to Simeon E. Rhoads, lots 10 and 11 in J. B. Jones' addition to Newark, \$300.

Henry Beatty and Frank Beatty and wife to Dennis L. Beatty, real estate in Newark, \$1500.

Wm. T. Willey to C. C. Mager, real estate in Newark, \$25.

A Son Born.

Born, to Mr. and Mrs. Jasper Linton, (nee Etta Pine) of Haple avenue, a boy, July 28.

WAS HUNTING LODGING ON RAILWAY TRACK

BUT FOUND BETTER ONES IN CHIEF JAMES SHERIDAN'S HOSPITALITY INN.

Fined For Kicking Over Danger Signals—Young Girl Returned to Mother.

A weary traveler who insisted on going to sleep on the car tracks in front of the interurban station Monday night was up before Mayor McCleery this morning charged with intoxication. He drew five and costs for trying to turn the tracks into an impromptu hotel.

Ed. Elbon was given fifteen days on the stone pile for purloining a knife. Several young lads were up for kicking over lanterns in the West End. They had been placed along the excavation on Union street and were used as danger signals. They denied the charge and demanded a hearing. After a number of witnesses had been examined the Mayor found them guilty and assessed Rollo woods, one of the lads, \$5 and half the costs in the case. The other, Ralph Driscoll, was not in the opinion of his honor as guilty as the first named and was assessed the other half of the costs.

Mrs. Stephan, residing at 69 North Front street, asked the assistance of Chief Sheridan in bringing her sixteen-year-old daughter, Esther, back to the parental roof. The young lady had been employed at Xenia but left there for Wilmington to assist the wife of a farm laborer while he was away from home during the threshing season and keep her company during his absence. Officer Benet went to Wilmington and returned with the young lady Monday evening.

Chief Sheridan was a business visitor in Columbus Monday afternoon and also took in the Columbus-Toledo ball game, the former winning by a score of 8 to 3.

Barney Broke Records.

Fargo, N. D., July 30.—Barney Oldfield opened the Fargo Interstate fair by breaking two world's automobile records on a half-mile track, going the first mile of a three-mile race in 1:15 1/2 and the three miles in 3:51. His mile record beat that made by himself at Winnipeg 10 days ago by 4 1/2 seconds. The record for the three miles beat that of his Winnipeg record by 18 seconds.

No Clew to Fire.

New York, July 30.—There is still no clew to the origin of the terrible fire in a Christie street tenement, in which 18 persons were killed and at least 15 were seriously injured. All of the occupants of the house were Italians. It was at first reported that the fire was probably the result of a bomb explosion in a grocery store in the basement of the building, but the police, after a careful investigation, say there is no evidence to sustain this theory or to show that the fire was of incendiary origin.

EXTRA INDUCEMENTS OFFERED.

Marion, O., July 30.—Harvest hands are so scarce in this county that farmers in Waldo township are paying \$2 a day and furnishing cool beer instead of water as a thirst quencher. Scores of harvesters demand the amber liquid, and to get their thrashing done as quickly as possible many farmers have complied.

Seven thousand miners and other union workers of Butte paraded the streets as an expression of their gratitude at the acquittal of Haywood.

**C. Powers, Miller & Co.**  
NEWARK'S BIGGEST DEPARTMENT STORE

### WEBERLE COMPANY MAY ENLARGE PLANT AT COSHOCTON, O.

Coshocton, July 30.—The starting up of the old plant of the Coshocton Machine company, may mark an important addition to Coshocton factories.

A letter from Messrs. W. W. and A. T. Wehrle of Newark to the Age states that if the present trial convinces them that Coshocton is a good manufacturing point, the improvements and enlargement will be continuous. The letter states that the kind of work at present will simply be a continuation of the work of the old machine company but they are in hopes to soon make some necessary improvements in the plant that will enable them to do some work here that they are very anxious to do.

"We have placed Mr. Charles Mueller in charge," says the letter, "both because Coshocton is his home and because we believe he is well able to manage it for us."

The prospects are that the Coshocton branch may grow to become a

very important one of the great industry at Newark.

It is interesting to note that the Wehrle company is increasing the number of men it employs at its mammoth Newark plants, and Saturday advertised for 200 more at their foundry.

### Cured of Lung Trouble.

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight of 170 pounds." Thousands of persons are healed every year. Guaranteed at F. D. Hall's drug store. 50c. and \$1. Trial bottle free.

### BLACK HAND REUNION

Arrangements are rapidly being perfected for the annual reunion of the soldiers and sailors of Licking and adjoining counties, to be held at Black Hand on Thursday, August 22. The

Black Hand reunion is an annual event that is always looked forward to with a great deal of pleasure by the old soldiers. On this occasion the "Old Guard" of Columbus will be present, and addresses will be made by Adjutant General Axline, State Auditor Guilbert, Hon. Carr Thompson and S. F. Robinson of Columbus, Gen. R. B. Brown, commander-in-chief of the Grand Army, of Zanesville, and other distinguished men.

### BEN DICKERSON

Will Remain in Coshocton Jail Till the Supreme Court Passes Upon His Case.

Ben Dickerson, the Coshocton murderer, who was for a time confined in the penitentiary annex awaiting electrocution, but who was returned to the Coshocton jail for retrial by order of the Circuit court, according to advices received from Coshocton, will probably not be returned to the pen for several months.

His attorneys succeeded in proving error to the Circuit court and the latter ordered a new trial. The state has carried the case to the Supreme court.

Dickerson will now remain in the Coshocton county jail until the Supreme court passes upon his case.

### Cold-Water Process of Canning.

Wash the fruit thoroughly, and in case of rhubarb cut into small pieces, as for pies. If gooseberries are used top and tail them. Pack into glass jars that have been sterilized, then fill with freshly drawn water. Put on the covers and let them stand overnight. By the next morning you will find that the fruit has taken up more or less of the water, and that there is quite a vacuum to be filled. Drain off the water and fill again with fresh cold water to overflowing, letting the water come with sufficient force to drive out any air. Then seal closely, and put away for winter use.—From "Canning and Preserving Fruit," by Emma Paddock Telford, in the August Circle

### EDW. PROPPER FILES ANSWER TO ACTION OF LOUIS SCHWARTZ

Coshocton, July 30.—Edward Propper of Newark, through Smythe & Smythe, and Pomerene & Pomerene, has filed his separate answer to the suit of Louis Schwartz vs. Samuel Gluck and Edward Propper. He denies practically all of the assertions of the plaintiff in the case, and says Schwartz does not and never did own any share of the New York Clothing company, but he was hired to manage the sales and was to get a sum equal to one-third of the net profits each year; that he had no other interest in the Coshocton store and none at all in the Newark store. He asks that the attachment be dismissed.

### HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by F. J. Cheney & Co., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him. W. A. LINDSEY, KINXAN & MARVIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 50 cents per bottle. Sold by all Druggists. Take Hall's Family Pills for constipation.

### FISH DISTRIBUTION

Will Be Made as Usual Says General Speaks—Work Starts About October 1st.

"Our distribution of fish will be about the same this fall as in previous years," says General Speaks of the Ohio Fish and Game Commission. By this statement it is meant that the backward season, which greatly hindered propagation in the streams and lakes, will in no way deplete the stock, as the shortage will be over-

come by the fish taken from the state hatchery at London, which has enjoyed an unusually successful season after the favorable weather once set in.

Especially attention will be paid this fall to the distribution of bass. Both the large and small mouth varieties will be placed in the streams and lakes.

The work will start about the first of October.

### TWO THUGS ATTACK MAN MONDAY NIGHT

Mr. C. V. Foster entertained with a stag party Monday evening. Those present were D. J. Simpson, John Hohl, W. T. Naragon, W. G. Russell, J. A. Black, T. A. Meredith, John Wildman, Wat Seward, Mr. Long, Stewart Teaff, F. L. Bobbs, W. E. Wiener, J. E. Irey, B. S. Miller, M. Brashear and C. V. Foster.

Part of the game of the evening. Mr. John Meredith was the winner of the prize and its name was "Maude." Refreshments were served after which all departed having spent a very enjoyable evening.

On the way home, one of the party was attacked by two villains and was very much the worse for the encounter, having his shirt completely torn off, after putting up a valiant fight. He escaped without any other serious consequences.

### MRS. LINGAFELTER IS RECOVERING

Mrs. George Lingafelter, who attempted to end her life a few days ago by shooting herself with a shotgun at her home near Chatham, is rapidly recovering and is able to get up at this writing. Thus far, no explanation for the rash and given no explanation for the rash deed.

### A COMMISSION FROM GERMANY COMING TO U. S.

Berlin, July 30.—A governmental commission comprising a number of experts, under the leadership of Herr Willefeld, a prominent official of the public works department, will proceed to the United States next week to study the organization of all the systems of electrical railroads throughout America. It is the intention of the government to electrify all the railroads around Berlin as well as portions of the main lines throughout Germany.

### PLANS ARE MADE FOR FUTURE OF SALVATION ARMY

London, July 30.—General William Booth, the head of the Salvation Army, who is engaged in a motor tour of Great Britain, announces that the same electric flash that carries the news of his death will publish the name of the new general for the army. It is learned that General Booth has left minute directions for the future administration of the army in a sealed envelope with his solicitors. No one else knows who his successor will be, but it is believed that it will be Bramwell Booth, with Commissioner Howard and Commissioner Booth-Tucker as alternates in case of Bramwell Booth's death, and that the army will continue under the guidance of one man, not of a committee or a board of directors.

### NEWARK MAN GIVEN POSITION IN COSHOCTON

Coshocton, July 30.—W. R. Beene of Newark, has taken a position at the local Adams Express office. Stewart Beene, who was transferred to Akron, has resigned and gone to the Coshocton Machine company.

### Only One Place to Pay

Instead of trying to make your salary or wages reach ten small bills that you owe to ten dissatisfied creditors, come to us and let us help you to make your credit good and put you within easy reach of getting out of debt by our easy payment plan of loaning money on household goods, pianos, horses, vehicles, wagons, cattle, implements, etc.

Now is the time and this is an opportunity for you to get money matters cleaned up so that they will not cause you any worry. Enjoy your summer vacation. You can't do it if you spend the money you ought to use for your small bills.

Have only one small payment to meet each week or month and have a long time to repay. Our rates are low.

\$1.20 per week repays a \$50 loan in 50 weeks.

Call, write or phone.

Send us your name and let us explain our terms. Our agent is in Newark every Monday and Friday.

## LAST GAME IS ANNEXED BY MOLDERS

WHO START OUT ON ROAD TRIP  
OF TWO WEEKS, RETURN-  
ING AUGUST 13.

Game Monday Was a Hot One and It  
Was a Slugging Battle From  
the Start.

HOW THEY STAND.			
Clubs.	Won.	Lost.	Pct.
Newark	28	28	.500
Youngstown	29	30	.492
Akron	32	33	.492
New Castle	39	41	.488
Lancaster	39	41	.488
Marion	31	42	.425
Mansfield	29	48	.377
Sharon	30	51	.370

### MONDAY'S RESULTS.

Newark 5, Akron 3.  
Youngstown 4, Lancaster 0.  
Mansfield 11, Sharon 4.  
Marion 5, New Castle 2.

### TODAY'S GAMES.

Newark at New Castle.  
Lancaster at Akron.  
Marion at Youngstown.  
Mansfield at Sharon.

### TOMORROW'S GAMES.

Newark at New Castle, two games.  
Lancaster at Akron.  
Marion at Youngstown.  
Mansfield at Sharon.

Walter East's brave acts, who hail from the home of Senator Charles Dick, have come and gone and Walter did not make good his word, that he would annex both games to the credit side of the Akron sheet. Walter evidently had been smoking, using some of the Youngstown writers' dope. But it's a bad brand, and we would advise him to change it.

The game Monday was queer in some respects. After a perusal of the box score it looks as if the visitors should have won it. They were credited with ten hits and three errors, while the locals had only five hits and were credited with four errors. After Akron tied the score in the fourth and kept hitting out the bingles it looked as if there would be something doing, but there wasn't. The boys from Bob's camp simply settled down to business and kept the last game which will be played on the home ground for some time to come, from going to the foreigners.

Just before time was called by the ump, Attorney L. C. Russell stepped to the plate and calling Sandy Murray to him presented that gentleman with an order for an elegant bed room suite, which he said was the gift of the fans of Newark. Mr. Russell was quite eloquent and made a splendid presentation which caught Sandy by surprise. He managed to respond thanking the donors and trotted back to his position a very happy ball player. It was a graceful tribute from friends to Sandy's good work for the leaders.

After the little delay caused by the presentation ceremonies, play started and the boys from the town of rubber fame drew a goose egg in the first. Abbott stepped to the front, and the first ball up that Armstrong threw got an awful walloping, the doctor smashing it out to deep center for a triquet. Talk about sprinting, the little gentleman fairly flew over the ground, and upon reaching third received the hearty plaudits of the fans for his nice work. The next two up went down in short order, but we scored another run before the inning was over. We tell how we did it in how the runs were made.

After the first inning, when we drew the two, Walter got mad at someone for something and started out to the pitcher's box to hold a ten minute conference with his twirler. Latham ordered him back so that play could proceed but Walter paid no attention to it. "Ball one," sung out his umplets and Walter took a very hurried sneak. Arlie may have the bad glims and hand out the raw ones, but he won't stand for any funny business and surely is monarch of all he surveys.

When Callahan, the first man up for the visitors, came to bat he lamed one down to Sandy but that gentleman still being rattled from the presentation of a few minutes before fozzled the ball and Call reached first

in safety. It didn't help in the run getting as the next three up went down in one, two, three order.

The last game on the home grounds made the seventh which the boys have won since returning from Lancaster. They have played nine games since then and seven out of nine is not so bad, thank you. The boys will return two weeks from today and will take on Marion for three games.

How the Runs Were Made.  
Abbott hit the first ball up for a three bagger and was followed by Snyder who went out East to Swartz. Wratten went out Broderick to Swartz, and Schweitzer walked while Haval reached first on Strood's error, the latter throwing the ball wild to Swartz. Abbott scored and Schweitzer and Haval made a double steal, the latter crossing the pan safe. Murray the next man up went out on a foul captured by Mickey Lalonge.

Six straight goose eggs followed fast for the Molders and then came the awful eighth for the Rubber Necks, when the balloon went up. Lefty Snyder put a pretty bingle through Broderick's hand and was followed by Wratten, with an infield hit which was not fielded soon enough to retire the fast little man who presides over the third corner for the Molders, and he reached first in safety. Schweitzer followed with a sacrifice and Haval drew a free pass. Things were now getting exciting and Murray came to the front and biffed out an infield hit to Str Walter East, who fielded the ball quite prettily, but Mickey allowed it to slip through his fingers and Lefty crossed the plate in safety. Gygli followed with a nice safety and Wratten sprinted home. Haval, who had stolen third, scored after Caffyn had pulled down Pearce's long fly to right center. Linke fanned and the locals now had five marks to their credit.

Akron's first score was made in the second after Swartz and Goode had gone down. Stroode, the gentleman who takes care of the third corner for Walter's men, stepped to the plate and smashed out one that was a smash. It flew over the left fielder's head and kept on a-flying until it hit somewhere in the wheat field beyond the fence. It certainly was a beauty, and Mr. S. trotted the bases to the wild cheers of the fans. Walter should teach him to doff his head gear when the occasion demands. Lalonge could not connect and fled out to Lefty.

The next score for the Summit aggregation was pulled off in the fourth inning. East hit for a safety, was sacrificed by Swartz and reached home on Goode's safety. The latter gentleman stole second, reached third on Haval's error, but was caught at the plate by a quick recovery and throw to Pearce. Lalonge went out on a high foul to Erve.

The fifth started out nicely for the braves from the seat of Summit county by the gentleman who had smashed out the home run, Mr. Strood, landing on the little spheroid for a nice triple. It was looking good and the Rubber Neck boys plucked up courage after the awful swat, but not for long. Lalonge reached first on Abbott's error, but Mr. S. was held safely at third. It

still looked good and then came along Mr. Double Play that took all the previous courage out of the Akronites. Armstrong hit one on the nose, but Sammy was there to gather it in. He stepped on the second as, retiring Mickey and threw to Gygli, taking Armstrong's life. Two were down and Callahan sent out a liner that landed him safely on first, but held Mr. Stroode safely on the sack as if glued there. Broderick sent one out to Sammy and he whipped it to Sandy, retiring Callahan, and the lights went out. The score:

Akron	30	0	1 0 0 0 1-3

Earned runs—Newark 1, Akron 1.  
Home run—Strood.  
Three base hits—Abbott, Strood.  
Double plays—Pearce to Wratten.  
Haval to Gygli; Caffyn to Swartz.  
Struck out—By Linke 3, Armstrong 2.  
Base on balls—Off Linke 1, Armstrong 6.  
Sacrifice hits—Schweitzer, Broderick, Swartz.  
Stolen base—Schweitzer, Haval 2.  
Callahan, Goode.  
Time—1:40.  
Attendance—1000.  
Umpires—Latham and Drake.

Mansfield 11, Sharon 4.  
Mansfield, July 30.—Mansfield defeated Sharon easily yesterday afternoon in a game marked by the sensational pitching of Bailey and the remarkable batting of Mansfield in which King led. Score: Mansfield 11, Sharon 4. 7 2 0 2 0 0 0 0—11 19 2 Sharon 4 0 1 3 0 0 0 0—4 7 0 Batteries—Bailey and Dreyman; Hawk and Whirner; umpire—List.

Youngstown 4, Lancaster 0.  
Lancaster, July 30.—The first game of the double header yesterday was called off on account of wet grounds. Youngstown won the regular game by a 4 to 0 score. An error by Humphreys with two on in the seventh and two down started the rally which netted Youngstown three runs. Score: Lancaster 0, Youngstown 4. 0 0 0 0 0 0 0 0—0 6 4 Youngstown 4 0 0 0 0 0 4 0 0 4 8 0 Batteries—Scanlon and Piper; B. Thomas and Redman; umpire—Hart.

Marion 3, New Castle 2.  
Marion, July 30.—New Castle disgusted the fans yesterday with her horse play. Lauzon and Kennedy were put out of the game for cursing the umpire. The last part of the game

was rotten farce comedy on the part of the visitors. Marion won 5 to 2. Score: Marion 5, New Castle 2. 0 2 2 1 0 0 0 0—5 11 3 New Castle 1 0 0 0 0 0 0 1—2 6 2 Batteries: Fox and Luskey; Kennedy and Steen; umpire Smulik.

## BANNON'S GREAT RECORD

Bill Bannon, Youngstown's new first baseman, has made a peculiar record. He joined the team a week ago Sunday, and, including Saturday, played seven games. He performed a feat seldom seen in minor league baseball—played the seven games at the busy first corner without making an error, accepting 80 chances, having 75 putouts and 6 assists.

## HE'S AN UMPIRE NOW

Arlie Latham, some years ago the king-bee clown of the major leagues, now an umpire in the Ohio Peninsula league, ejected Catcher Harry Ostiek of the Youngstown team for "foolishness at bat." The Pittsburgh Dispatch says that Ostiek is a second Latham in the coach's box, at the bat and on the bases—but Arlie could not see any fun in the performances. He's an umpire now!

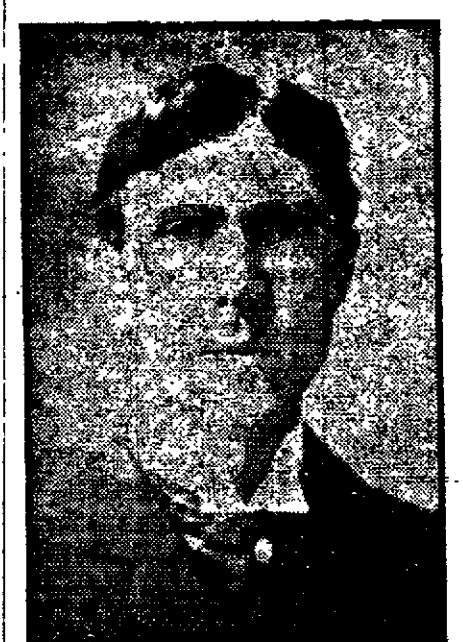

The breeding and selling of canary birds in Germany, which has reached such proportions that it now controls the market of the world, is conservatively estimated at a value of \$233,000.

## MAY HAVE MAJOR LEAGUERS

The management of the local ball association has been in communication with the Brooklyn and Pittsburgh teams of the National league, with a view of trying to secure them for an exhibition game at Wehrle Park next Sunday. Brooklyn has responded and is willing to come but Secretary Hopkins has not as yet heard from Pittsburgh. If the date can be arranged it would prove a great game and ought to be a great drawing card.

## MARTY MUST BE MAKING RECORD

Youngstown, July 30.—According to local relatives and friends Marty Hogan, former manager of the Youngstown team and now leader of the

Zanesville P. O. M. League team, is wanted by fast company magnates as a manager. He is said to have been offered the job to manage an Eastern League team, an American Association team and a National League team. Just what teams they are that want Hogan his friends here refuse to say.

## GRAND CIRCUIT RACES AT CLEVELAND

Cleveland, July 30.—Probably the last grand circuit races Cleveland will ever see will begin at the famous Glenville track today. There will be no pool selling nor betting either at the race track or in Newburg, a suburb, where an anti-gambling ordinance recently was vetoed by the mayor. The race meeting this year is the result of the liberality of the members of the Cleveland Driving Park Association and the merchants, and the probability is that the track will be cut up into building lots next year unless the State Legislature

## Your Hair Going?

Stop it, then. And why not? Falling hair is a disease, a regular disease, and your doctor will tell you the remedy. He knows that Ayer's Hair Vigor, new improved formula, quickly stops falling hair, cures dandruff, and makes the hair grow. Just ask him. We publish the formula of all our preparations.

which meets this winter, passes a law permitting pool selling in Ohio. The event that promises the greatest excitement in Wednesday's race, in which Highball and Sonoma Girl are entered, but it is doubtful if the former will start, as he appeared quite lame yesterday, and it does not look as if he will be in condition to race Wednesday.

Reports that J. D. Springer and E. McLaughlin were considering an offer of \$35,000 for their great mare Sonoma Girl were set at rest today when the latter declared they would not part with her.

## MOLDERS ABROAD

The Molders are now abroad, having left Monday night via the B. & O. for New Castle, where they play today, Wednesday and Thursday. During their absence they will play in all thirteen games. They will return home from Marion Monday evening, August 12 and the next day will play Marion. The fans are hoping for a break even on the present trip, and if this can be brought about there is no doubt that the leaders will still hold the lead upon their return.

## TODAY'S GAME

(Special Telegram.)  
New Castle, Pa., July 30.—At the end of the first three innings Newark had scored 5 runs to 0 for New Castle. Newark scored one in the second and four in the third inning. The batteries are Kennedy, Bowlers and Luzon, while Joe Locke is hurling for Newark with Winters relieving.

**RISE OF JAMES BUTLER FROM A POOR BOY TO A MILLIONAIRE.**

**COUNTRY HOME OF JAMES BUTLER, NEAR TARRYTOWN**

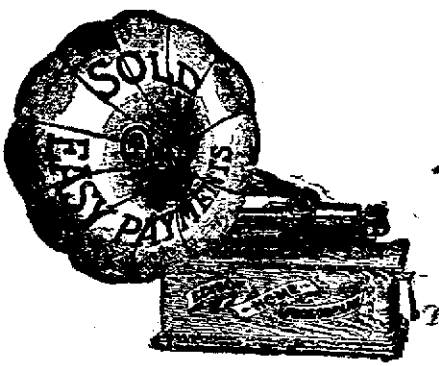

**DIRECTLY FAMOUS MILLION WHICH MR. BUTLER OWNED**

New York, July 30.—When James Butler left Ireland, thirty-one years ago, his only assets were a ticket to New York, a ruggent constitution, smiling blue eyes and an ambition to make his mark. When he went back to Ireland thirty years later to see the friends of his boyhood he was the owner of more than three hundred grocery stores, millions of dollars' worth of New York city real estate, the promoter of a scheme to own grocery stores in every city in America and the possessor of one of the finest trotting stables in the New World.

In these days of swollen fortunes and phenomenal business rises the achievements of Mr. Butler do not attract as much attention as they would have done in other periods, but his career is none the less interesting. At present he is conspicuously in the public eye because of the winning fight he has made to compel the Jockey club to give consent for him to have racing at the Empire track, which he owns.

Here is Mr. Butler's advice on how to succeed:  
Persevere.  
Don't spend too much time in recreation.  
Don't get a smattering of a thing and let some else supply your information.  
Learn all there is to know about a subject in hand.  
Know what you are doing; then you won't make mistakes.  
There are more opportunities for success in business now than there ever were.  
Ambition is the first essential; then comes perseverance.  
One should not be in too big a hurry. Go slowly; then you will be thorough.

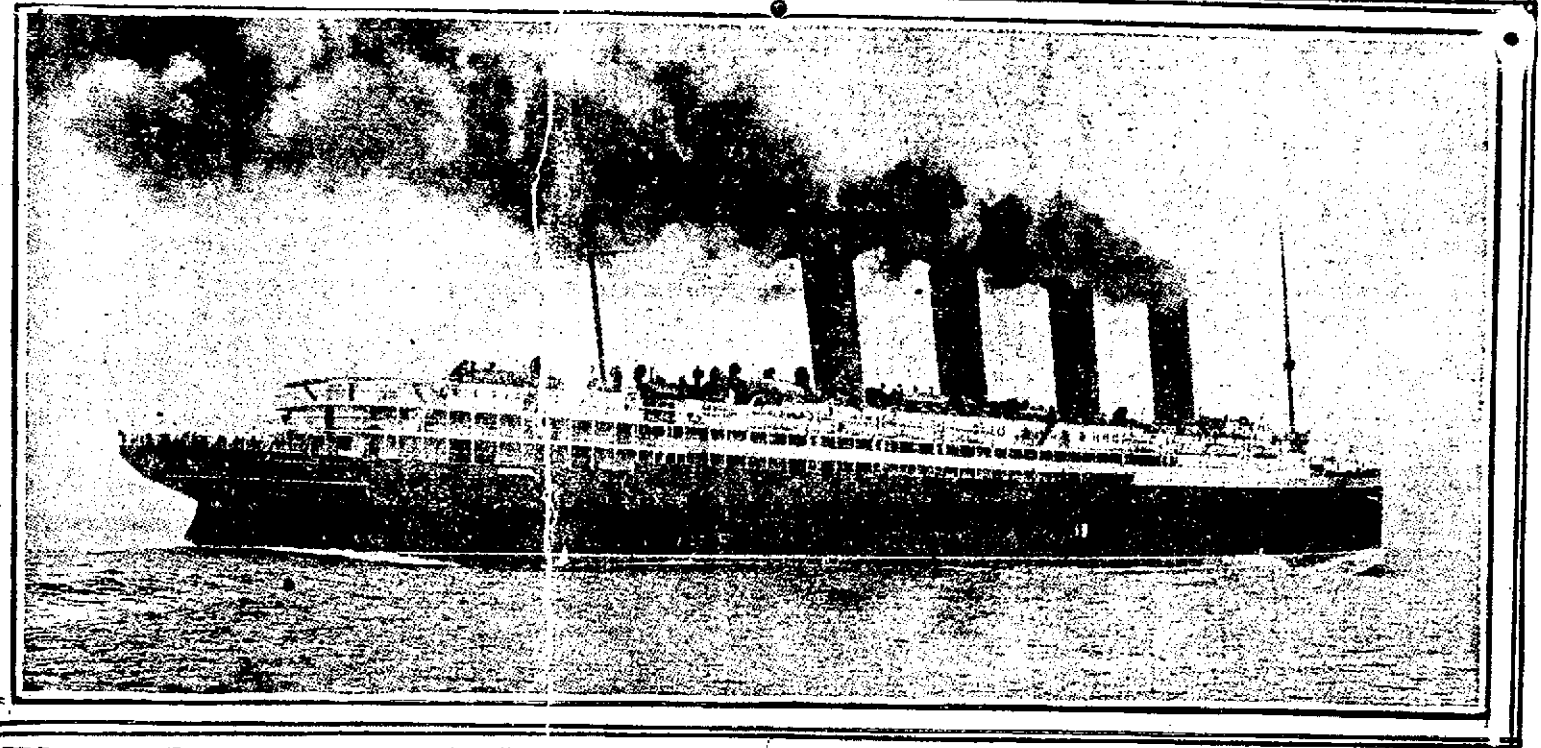

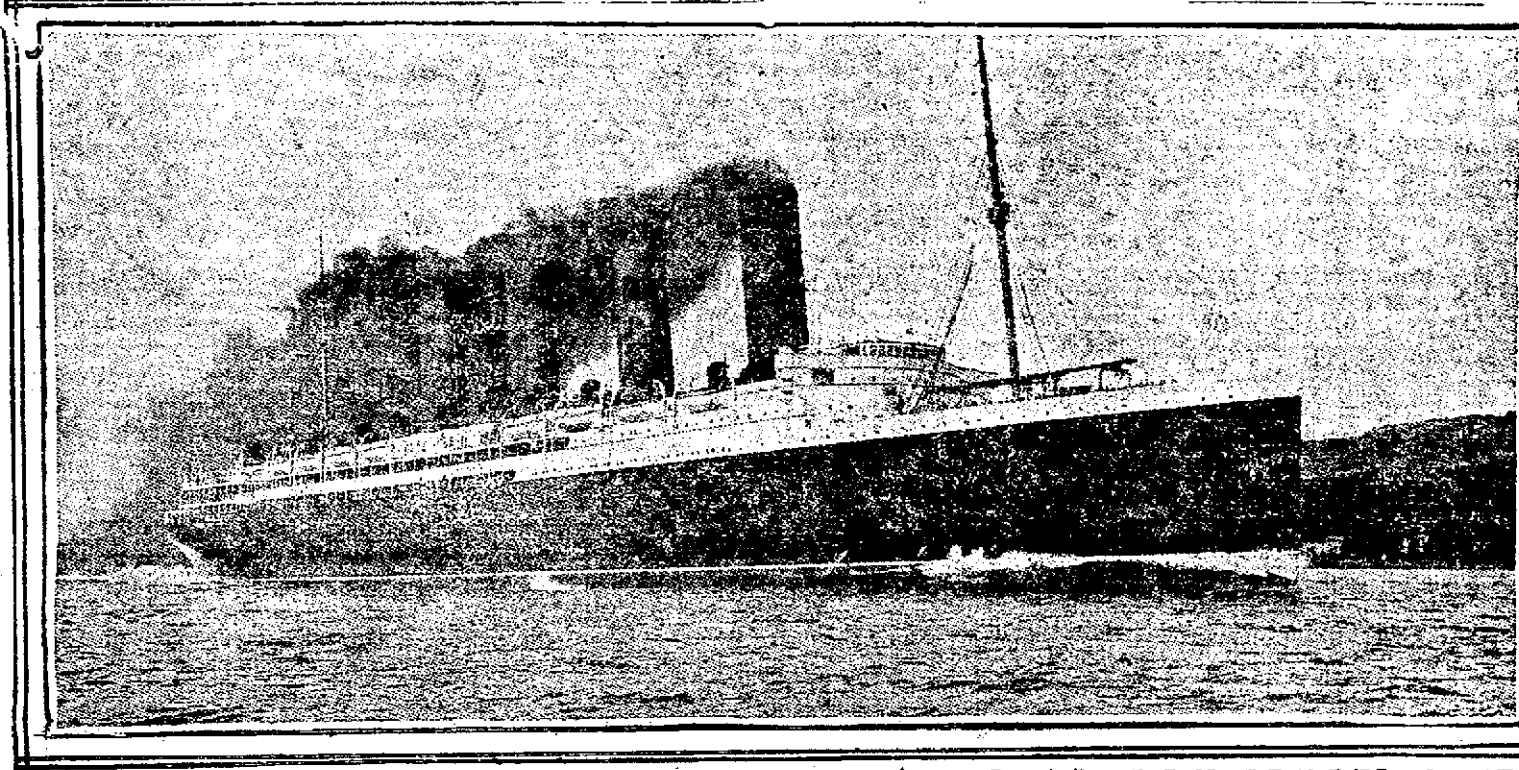

## BUY EDISON MACHINES BEFORE SEPT. 15th

On September 15th EDISON Machines will be sold, complete with horns and cranes, at **advanced prices.** If you are considering buying an Edison outfit, buy NOW; as we can save you from **\$2.00 to \$5.00** if you want a flower horn. If you haven't the cash now, buy anyhow and make us only a small payment.

NEWARK, OHIO

**Remember, after Sept. 15 you will have to pay more money.**

### THE LUSITANIA. THE GREATEST OCEAN LINER EVER PUT AFLOAT.

THE CUNARD TURBINE-DRIVEN • QUADRUPEL-SCREW STEAMER "LUSITANIA."

NEW YORK, July 30.—When the new Cunard express steamship Lusitania leaves Liverpool for this port early in September her departure will mark the greatest event ever recorded in the history of the commerce of the seas. All the marine experts of the world will await the conclusion of what is thought will be the fastest ocean passage by the largest steamship propelled by the greatest marine turbines yet constructed. Not "a" but "the" leviathan of the sea is this great liner, beside which the largest steamships now in the transatlantic trade seem small. The vessel is 750 feet long, 88 in width, 60 feet in moulded depth.

### BREAK IN RIVER HAS BEEN CLOSED

Chicago, July 30.—With the announcement that the break in the Colorado river has been closed and the Imperial valley saved ends, for the time being, at least, the most heroic battle ever fought by Man with Nature. The reward was nothing less than the homes of 10,000 people and five millions of dollars. Man, in the guise of a corporation, has triumphed and the river, ages old, has been forced back into the channel from which it threatened to engulf farm, town and railroad. That hero of the Crusades who cast his helmet into midst of the Saracen hordes and swept them before the red Cross was not more bold than the prosaic engineers who undertook to curb the Colorado. In this attempt there was only one precedent—failure.

Nevertheless, President Roosevelt's summons of last December was promptly answered. On the 20th of that month Mr. Roosevelt telegraphed to Mr. Harriman: "It seems clear to me that it is the imperative duty of the California Development Company to close this break at once."

"This break" was a gap a fifth of a mile long through which the river, at a depth of 30 feet was rushing into the Salton sink. Imagine an enormous teacup with a river flowing about its rim and you have the situation clearly outlined. To irrigate the wonderfully rich loam of the cup, the river had been recklessly tapped. From an irrigation canal, its waters became a raging torrent that only almost superhuman effort could control. Now the declaration that the river has been forced back into its banks and that "affairs at the river have been turned back to the California Association," marks the triumph of the Harriman engineers.

Against a flow of water that had resisted every effort to control it, the Southern Pacific titans in 15 days and two hours erected a dam containing 77,000 cubic yards of rock, gravel and clay. The locomotives of passenger trains were not too important to be called upon to help in this task. Men worked without ceasing for sleep—hardly for food—that the "break" might be closed. In money the Southern Pacific railroad, interested in behalf of the company that had loosened the river's bonds and as one of the sufferers from the river's havoc, has advanced \$1,500,000 to repair the break. In labor, the

railroad company has spent the efforts of its most skillful engineers and of thousands of laborers, day in and day out, night following night.

The actual work of damming the Colorado was done in two weeks after the President's call to pick and shovel. The formal announcement was delayed only for the finishing touches, because the Colorado has been "controlled" before this, only to break its bonds. Now there is a 60 foot dam four feet above the highest known water, and the settlers who discovered that the "Salton Sink" was an out-of-door paradise for the almost magical growing of fruits and vegetables have returned to their homesteads in secure faith that the river, their greatest enemy, has been finally conquered. The railroad will replace its washed away tracks and trestles, and it is believed that the Imperial valley farmers may safely trust that there is nothing more to fear from the river.

#### WHY SO WEAK?

**Kidney Troubles—May be Sapping Your Life Away—Newark People Have Learned This Fact.**

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders, look to the kidneys for the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills cure sick kidneys and keep them well. Here is a Newark testimony to prove it.

Wesley Rowland, express driver, living on Washington street, near Mill street, East Newark, O., says: "Many a time my back pained me so and was so weak that I could not load my wagon. If I stooped to pick up anything it was all I could do to straighten up. My back pained me so at night that I could not sleep. I would wake up again with terrible pain through the back and shoulders as if I were in a cramp. I tried liniments and various remedies but found nothing that helped me until I got Doan's Kidney Pills at Crayton's drug store. Three boxes were all that were required to cure me and the cure has been permanent. That was two years ago and I have had no trouble of the kind since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### AMUSEMENTS

#### IDLEWILDE CASINO.

Tonight at the Casino the Grahame stock company will present a new rural play, "Cowslip Farm," which is a play sure to please one and all. A complete change in the vaudeville acts will also be made. There will be an amateur contest held at the Casino this coming Friday night and \$8 in cash, will be awarded to the winners. All amateurs are invited to take part.

The oldest silver mines are in Germany, but the richest are in Spain.

### FIGHTERS READY FOR THE GONG TO SOUND AT SAN FRANCISCO

**For the Battle Between Battling Nelson and Jimmy Britt—Both Men are in Fine Form—Betting is Even**

San Francisco, July 30.—Both Jimmy Britt and Battling Nelson have completed their training, so far as stiff work is concerned. Neither will do any boxing or other strenuous exercise during the next two days. Each is within a pound and a half of the

BATTLING NELSON.

required 133 pound notch, so both will be able to rest up and husband all the vitality that is contained in their systems until the night of the conflict—Wednesday.

Large crowds thronged the sides of the gymnasiums at both camps Monday to watch the men go through their final workout, and all came away impressed with the splendid stamina shown by each of the contestants. Many who originally thought that the Battler had a walk-over are now a little doubtful as to the final outcome of Wednesday's battle. The lightning style that the Californian adopts in his sparring bouts has caused the change.

Britt is in perfect form, and if he fails to trim the Battler on this occasion he will have no excuse to offer on the score of condition.

Nelson never creates a favorable impression by his gymnasium work, but his tireless energy and the remarkable stamina which he has been showing in his preparatory work show that he never was in better condition.

Nelson hasn't fought since the Gans battle, but he has done a lot of boxing with his shows. One night in Chicago he fought three rounds with

JIMMY BRITT.

fighter more than any amount of ring punishment.

Britt will fight for the decision this time. He may get it if he sticks the 20 rounds according to the majority of the dope writers.

The betting thus far on the fight makes Britt an even money choice, despite the fact that San Francisco is his native town. It is safe to say that Nelson will be strong favorite before the night of the fight.

**Wise Counsel from the South.**

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. R. Blankenship of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief, and after taking a few more bottles I was completely cured so completely that it becomes a pleasure to recommend this great remedy." Sold under guarantee at P. D. Hall's drug store, Price 50 cents.

Fortune Ranges at Keller's, 17

### PASS QUESTION

On Western Railroad to be Investigated by Interstate Commerce Commission.

Washington, July 30.—Recently information was received by the interstate commerce commission that certain western and southwestern railroads were engaged in alleged violations of the rate law by issuing passes to persons not entitled to them under the law. In the case of the Missouri, Kansas and Texas Railway system the information was specific, the allegation being that officials of that system were issuing passes to so-called "bondsmen." An order, therefore, has been promulgated by the commissioner requiring the officials of the system to answer the charges made and to state the ground on which such action is justified. On the receipt of the answer the commission will fix a time for a hearing at which the facts of the case may be developed.

#### Sight Examination.

The biennial sight examination for employees of the Pennsylvania lines began this week and will continue for a month. The examination is being conducted by J. Badesuey, and the employees on the Pittsburg division are now being examined. Mr. Badesuey has a special car and the examination will be held at given dates at various points along the division, the car to be located in Pittsburg during the early part of the month. The examination for employees on the line east of Pittsburg will be held later.

M. C. H. Gailther, a well known passenger brakeman on the B. & O. is lying seriously ill at his home on Summit street.

The B. & O. railroad is hiring a good many men for the road at present. The freight traffic has kept up to an unexpected volume all the summer, hence the demand for men.

The subject of most of the talk now current among the road men on the B. & O. is of buying watches and of the hiring of men. Since the new and very stringent order was promulgated about having accurate time pieces, the men have been very busy having their watches inspected. A great many were condemned, and they must be replaced with new ones.

### HAD HIS FINGER BADLY MANGLED

Mr. Chas. Denney who lives at 382 Eastern avenue, and who runs a shaper at the B. & O. shops in this city had one of his fingers badly mangled by the machine, shortly after going to work Thursday morning. At the time of the accident Mr. Denney was engaged in changing a tool in the machine, when the belt slipped off the idle pulley and the machine started up catching the middle finger of the right hand. The member was badly mangled and was dressed by Dr. Wright and at first it was thought that it would have to be amputated. Mr. Denney is now resting easily and has great hopes of being able to come out of his trouble with a whole finger.

Most any soap will remove dirt. And some will even remove dirt without injury to the skin.

**CACTI SOAP** will do this and more. Its pure vegetable oil ingredients are extremely beneficial to the complexion.

Ask your Grocer or Druggist. 10c. or 3 cakes for 25c.

### BAD BLOOD

"Before I began using Cascarets, I had a bad complexion, pimples on my face, and my food was not digested as it should have been. Now I am entirely well, and the pimples have all disappeared from my face. I can truthfully say that Cascarets are just as advertised; I have taken quite a box of them."

### GOVERNORS OF OHIO

ASA SMITH BUSHNELL—1896-1900.

Asa Smith Bushnell was born at Rome, N. Y., in 1834. He came from pioneer stock, his grandfather being a revolutionary soldier and his great-uncle being one of the founders of the settlement of Marietta. Mr. Bushnell was a brave soldier during the civil war, rising to the rank of captain. At the close of the war he resumed his business at his home at Springfield, accumulating a large fortune, out of which he was a generous benefactor to the church and those charities which appealed to him as worthy. He was quartermaster general during both of Foraker's administrations and refused the nomination for lieutenant governor in 1887. In 1895 he was elected governor of Ohio with a large plurality.

## POLICEMAN

KILLED WHILE ATTEMPTING TO  
DISPERSE CROWD OF YOUNG  
TOUGHS.

Stubbed Toe Causes Gangrene and  
Death—Principal Happenings in  
the Buckeye State.

Cincinnati, O., July 30.—While trying to disperse a crowd of young toughs that has been annoying residents of the West End for weeks, Patrolman Carl P. Hauck was fatally shot by one of the gang. In the altercation which ensued when Hauck protested against the disturbance made by the gang, one of them, whose name is not known, fired four times at the patrolman, two of the shots taking effect. Hauck died at the city hospital shortly after his arrival. No arrests have been made.

### Big Elevator Combines.

Toledo, O., July 30.—The final details in the organization of what will be probably be known as the Interstate Products, company, with a capitalization of \$4,000,000, are now being worked out. Francis J. Wing, formerly United States judge for northern district of Ohio, is at the head of the latest combine. The company now has 200 elevators.

### Shot by Son.

Tiffin, O., July 30.—George W. Seiple, 45, a wealthy Bloom township farmer, was shot and instantly killed by his son Robert, aged five. Seiple and his children were shooting with a rifle. Seiple was examining the target when the gun was accidentally discharged by the boy, the bullet entering the brain.

### Prominent Man in Trouble.

Kenton, O., July 30.—Thomas Black, prominent lawyer in the city, a leading politician and mayor for two terms, is in jail on a charge of forgery. He gave himself up to the sheriff and asked to be placed behind the bars. Black acknowledged the forgery of papers involving the sum of \$28,000.

### Death From Gangrene.

Columbus, O., July 30.—A stubbed toe was the cause of the death of Erwin Schumacker, 64, a prominent Pickerington merchant, who died at the Protestant hospital after a short illness from gangrene.

### Killed by a Woman.

Batavia, O., July 30.—Highland park, near here, was the scene of a shooting affray when Herman Leners, a livyman of Cincinnati, was killed by Mrs. William P. Hazen of Olive Branch.

### Dead After Long Illness.

Columbus, O., July 30.—Mrs. Anna Richmond Atwood, wife of the Rev. Julius Atwood, D. D., formerly rector of Trinity church, this city, is dead at Colorado Springs, after a lingering illness.

### Wharfboat Goes Down.

Portsmouth, O., July 30.—The wharfboat sprang a leak and went down in six feet of water. It was heavily laden with freight of all descriptions and the loss will exceed \$4,000.

### How to Cure Chills.

"To enjoy freedom from chills," writes John Kemp, East Otisfield, Me., "I apply Bucklen's Arnica Salve. Have also used it for salt rheum with excellent results." Guaranteed to cure fever sores, indolent ulcers, piles, burns, wounds, frost bites and skin diseases. 25c. at F. D. Hall's drug store.

**PRES. ROOSEVELT  
TO MAKE ADDRESS  
AT UNVEILING**

Oyster Bay, July 30.—The result of the visit to Sagamore Hill of Acting Secretary of the Navy Newberry is that president Roosevelt has informally approved the report of the board which investigated the disaster on the battleship Georgia and endorsed a plan whereby a record of naval experts will be convened to thoroughly investigate the construction and operation of gun turrets on battleships, with a view to providing every possible safeguard against explosions. Curtis Guild, Jr., governor of Massachusetts, conferred with the president relative to the program for the unveiling of the monument to commemorate the landing of the Pilgrim Fathers at Provincetown, Mass., Aug. 20. It was decided to have the ceremonies marked with simplicity. The president and the governor will make addresses. The president will go from Oyster Bay to Provincetown on the Mayflower. Governor Guild and Mr. Newberry were luncheon guests of the president.

### Cut Off Their Heads.

Tangier, July 30.—After the recent fighting at Sheshuan between Khas tribesmen and forces of the sultan, in which this village was burned by the government troops, who are trying to effect the release of Caid Sir Harry MacLean, now held prisoner by the bandit Raisul, the tribesmen cut off the heads of two of the sultan's soldiers and sent them to Tetuan.

Attempts are being made to have floating restaurants on the Swiss lakes, so far, however, without success, as the authorities fear pollution of the water.

## ELEPHANT ATTACKS THE NEW KEEPER

Who Had Seized a Cent Thrown to  
the Ponderous Beast—Mad Act  
of a Baboon.

New York, July 30.—Gunda, an elephant in the Bronx Park Zoological Gardens, which amuses crowds by picking up pennies thrown to him and carefully hoarding them, all but killed a man he believed was trying to rob him. The man was Otto Hoffman, a keeper.

Hoffman has had 15 years' experience with wild animals, but had been Gunda's keeper only four weeks, and was evidently ignorant of the beast's idiosyncrasies. He was in the act of picking up a cent which had rolled out of reach of Gunda's trunk when the animal flew into a rage, grabbed him and dragged him into the cage. By clinging to the elephant's tusk the keeper managed to keep himself from being trodden to death. Other keepers prodded Gunda until Hoffman could get out of the cage. When he did so he fainted. A doctor found the man was badly bruised and had a crushed rib and a bruised liver. He is in a serious way.

### CHILD GRABBED

By Baboon Which Bit Face and Then Sprang at Mother.

Logansport, Ind., July 30.—While a group of laughing children were watching an annual performance at a show Monday night, "Gallagher," a big baboon, used in a circus act, broke from his keepers and seized Clyde Edwards, aged 7. The baboon carried the child to the center of the ring and began to climb a pole. When the frantic mother rushed after the child the baboon sunk his teeth in the child's face, then released his victim and was about to spring upon the mother when knocked senseless by a club in the hands of a circus attaché.

The fellow who thinks he is the only thing on earth is apt to make us wish he were.

### HAVE PAPER FOLLOW YOU.

If you are going away from home this summer you can have the Daily Advocate follow you on your travels without any extra expense. The address will be changed as often as you desire. To receive the Advocate while away from the city is like getting a letter daily from home.

## TOLD HER SECRET AFTER WEDDING

Bride Confessed to Dick That She  
Was His Former Wife Divorced  
Years Ago.

Central City, S. D., July 30.—Mrs. Mary J. Cook has just been married to John S. Dick, a well-to-do Black Hills miner, and immediately after the ceremony confessed to him that she was his former wife, the wife who 20 years ago had applied for and obtained a divorce from him in Montana. Dick had not suspected that the woman was his former wife, but he was glad to learn that she was, and they are now enjoying a wedding journey together to the Pacific coast.

Dick came to the Black Hills from Montana 20 years ago because of trouble he had been having with his wife, and soon after he learned that Mrs. Dick had obtained a divorce. Two or three years after she obtained the divorce he learned that she had been married to Elthu E. Cook.

Two years ago Dick met his former wife, then a widow, in Portland, Ore. where they were visiting at the exposition. They had not seen each other for 20 years. She had changed her name and he did not recognize her. She recognized him but did not reveal her identity.

The old flame of love was rekindled in her breast and she set out to win back the husband she had 20 years before divorced. Not letting him know who she was she accomplished her purpose and when they were reunited in wedlock she told him her secret.
